- 41 course offerings

ACCREDITATION AND MEMBERSHIP

La Salle College was chartered in 1863 by the Legislature of the Commonwealth of Pennsylvania and is empowered by that authority to grant academic degrees. It is accredited with the Middle States Association of Colleges and Secondary Schools, the Pennsylvania Department of Education, the Regents of the University of the State of New York, the American Chemical Society, and the Pennsylvania State Board of Law Examiners.

LA SALLE COLLEGE BULLETIN
(USPS 299-980)

VOL. 60

DECEMBER 1979

NUMBER 4

Published four times a year in March, May, June and December, by La Salle College, Olney Ave. at 20th St., Philadelphia, Pa. 19141. Second class postage paid at the post office at Philadelphia, Pennsylvania.

a profile

the history and traditions

La Salle College was chartered by the legislature of the Commonwealth of Pennsylvania in 1863. The founders of the new educational institution consisted of Christian Brothers, priests of the Archdiocese of Philadelphia, and several Catholic laymen. The College's beginnings were modest indeed: at first it was an adjunct to St. Michael's parish school. As the small college began to establish its educational reputation, its need for space dictated several moves. From St. Michael's the College moved to a center city site at Juniper and Filbert Sts. and from there to the old Bouvier mansion at 1240 North Broad St.

Forty-three years later, in 1929, the still-expanding college purchased part of the historic Belfield Farm, once the home of American painter Charles Willson Peale, and began to build the collegiate Gothic towers of College Hall. La Salle was hardly settled in its new home before the Great Depression threatened its very survival. The lean years of the 1930's became even more difficult when World War II depleted the student population to a mere 90 students.

With the end of the war, however, the influx of veterans taking advantage of the G.I. Bill necessitated a new cycle of growth and expansion that has continued until the present day.

Two decisions stand out as noteworthy in this period of change. The first is the inauguration of the Evening Division in 1946 and that division's subsequent development as a leader in the state in providing evening degree programs for adults. The second is the decision to admit women students, thus ending a century-old tradition and beginning a new chapter in La Salle's history. Women entered evening classes in 1967 and day classes in 1970. Of the entering class of 1978, 39% were women.

The tremendous expansion of La Salle to its present 3,000 day students is apparent in the building boom that has taken place on campus. Additions over the last 25 years have included the David Lawrence Library and the newly-completed Library Annex in Wister Hall; a College Union; nine residence halls; the Holroyd Science Center; a biological field station; Olney Hall, a new classroom and faculty office building; and Hayman Hall, the athletic facilities building, completed in 1972.

This remarkable physical growth has been complemented by an equally remarkable academic development. Studies show a continuing improvement in the credentials of each entering class. Recent years have seen more graduates pursuing

higher degrees and winning prestige scholarships. Curriculum study has not stood still, and today's curriculum is more varied, more flexible, more responsive to the needs and interests of students. Among the many special programs are those for honors students, for study abroad, for cooperative education, and for disadvantaged students.

Though often mistakenly connected with the French explorer, the name of the College commemorates the 17th-century French educator and founder of the Christian Brothers, John Baptist de La Salle. The traditions of this saintly, innovative educator have been continued by the Brothers, a non-clerical order of religious who have been teaching in the United States since 1845. Under the auspices of the Brothers, La Salle College strives to continue such La Sallian traditions as devotion to excellence in teaching, concern for ultimate values and for the individual values of its students.

In the light of these traditions, La Salle offers students an education founded on the idea that man's intellectual and spiritual development go hand in hand, complementing and fulfilling one another. The basic purpose of the College is a free search for truth and the development of materials and skills necessary for the search; its religious concern is an extension of that purpose. In a company of mature teachers and scholars, the College urges the student to confront the ultimate questions of human experience: who he is; where his destiny lies; how he is to reach it.

La Salle is committed to a liberal education of both general and specialized studies. It wants its students to liberate themselves from narrow interests and prejudices and to learn to observe reality with precision, judge events and opinions critically, think logically, communicate effectively, and sharpen esthetic perception. The curriculum involves a body of knowledge about the universe; about man—his nature, behavior, and values; about God. It also provides an opportunity to gain specialized knowledge in one field of learning as a preparation for graduate study or entry into professional life. Beyond this breadth and depth of knowledge, the College encourages its students to seek wisdom, that is, to grasp those basic principles which can give order to particular facts.

As a private Catholic college, La Salle pursues these aims in a religiously diverse community of teachers and students interested in studying secular subjects in their autonomy, undertaking religious studies in a systematic way, and investigating what interrelations these subjects may have. The community also engages in programs in which the students' personal, social, and religious values may take root and in which the students may grow in mature attitudes and behavior in all human relationships. The ultimate hope of the College is that its graduates will be ready for informed service and progressive leadership in their communities and will be able to fulfill the immediate and final goals of their lives.

the campus

For a city college, La Salle's campus is surprising. Tucked behind the brick facades on Olney Avenue is a pleasantly green and peaceful tract of about forty acres. Though buses stop at the door and the subway is only a few blocks away, the campus benefits from some of the country-like aspects of its site. Across 20th Street is historic Belfield, one of the few farms within the city limits. South of the campus lies Wister Woods, now a part of Fairmount Park. The result of these happy accidents of locale is that the campus retains a somewhat suburban atmosphere while losing none of the advantages of being an urban college.

In Philadelphia, these advantages are both educational and cultural. The city has a noteworthy group of educational institutions, with a variety of specialized libraries. Its orchestra and museums are internationally famous. Most of the city's cultural and historical resources are within convenient commuting distance from the campus.

Architecturally, the buildings on campus reflect the history of the College's growth, ranging from the traditional collegiate Gothic to the modern.

In addition to the classroom buildings (College, Wister, Holroyd, and Olney Halls) and the residence halls, the campus has the David L. Lawrence Memorial Library, the College Union, and the Hayman Hall athletic facilities.

Over 200,000 volumes are housed in the air-conditioned Lawrence Library and its Wister Hall Annex, along with reading rooms and files of a thousand periodicals. The College Union is a center of student activities, containing dining rooms, lounges, a theatre, and activities offices. The newly completed Hayman Hall features a swimming pool and diving well, basketball and squash courts, an indoor track, a sauna bath, and other athletic facilities.

The most recent addition to the campus is the art gallery, which houses the College's study collection of paintings.

8

the people

More than buildings, more than books, more than lectures and examinations, education is a matter of people. It is the people who make up La Salle—the students and the teachers—who give the College its character. You may well ask, “What are they like, these people with whom I may spend my next four years?”

As you might expect, your fellow students are a diverse group of men and women, not easy to categorize. Statistics permit a few generalizations, however: geographically, a majority are from the northeastern states; academically, three-fourths of them were graduated in the first or second quintile of their high school class. More than half of them hold part-time jobs, and 67% say they plan graduate or professional studies after college.

Your teachers at La Salle are Christian Brothers, priests, and lay professors. All of them share the same goal: to be of as much help to you, the student, as they can be. St. La Salle’s dedication to teaching is the informing spirit of the College, and you will be conscious of this spirit in the willingness of your professors to give that extra moment of explanation or advice which can mean so much. While many of these men and women are engaged in their own scholarship or research, their primary focus is always the classroom and their basic obligation is to you, the student.

Making the transition between high school and college is never easy, but at La Salle you will find many people who want to help and who understand some of the problems you face perhaps better than you do yourself.

During the summer months preceding the start of classes you and your parents

will be invited to participate in the Pre-College Counseling Program. At this time you will come to the campus for a full day of conferences with the Counseling Center staff, as well as representatives from Financial Aid, Housing, Placement and other areas of the College. During the program you will have a personal interview with a counselor to discuss your educational and career plans and will meet with an academic adviser who will assist you with your fall roster. In an informal atmosphere of small group discussions, you will also have the opportunity of sharing your ideas with other freshmen, with upperclassmen who have experienced the same transition, and with faculty members and administrators anxious to be of help. The overall aim of the summer program is to make your adjustment to college life as pleasant as possible.

In addition to this initial counseling program, the Counseling Center offers continued diagnostic and counseling services throughout your college years. If you are uncertain of your major or of your vocational plans, the staff is happy to assist you in making a sound choice based on your interests and capabilities. The Center also offers personal counseling and psychiatric consultation, as well as informational services about graduate and professional schools, drugs, selective service and a variety of occupations. Besides offering individual counseling, the Center also conducts group sessions on a variety of topics of concern to students. Awareness, assertiveness, and group decision making are but a few of the topics that have been the focus of past discussions. The sessions have proven popular and effective ways of aiding personal growth.

Being part of a church-related college means you are also part of a community in which people care about one another. The Campus Ministry plays an important role in maintaining that sense of community by stimulating student participation in planning and celebrating the liturgy, by encouraging Christian commitment to social action, and by generally making you more aware of what it means to care for God, yourself, and others.

Nor is your physical well-being neglected while you are on campus. A College physician is always on call, and a registered nurse is in daily attendance in the dispensary. Medical insurance is available and recommended to all students.

Throughout your college days, the Director of the Career Planning and Placement Bureau will be at your service to help you select a career and assist you in planning job campaigns. This office is sometimes able to assist students in finding part-time or summer jobs related to their career goals.

All in all, you will find the human side at La Salle an important part of your education. Long after you have forgotten painfully memorized facts from a textbook or lecture, you will remember the teachers and students with whom you associated in your college years.

the academic life

“The only privilege a student had that was worth his claiming,” wrote Henry Adams, “was that of talking to the professor, and the professor was bound to encourage it.” La Salle professors do encourage it, and classes are small enough to permit discussion and personal relationships with your teachers.

The result is an academic environment where learning and intellectual development are nourished. In more concrete terms, the result is the gratifyingly high number of prestige awards won by La Salle graduates. Over the past decade, for example, La Salle has had 21 Fulbright Scholars, four Danforth Fellows, and one Marshall Fellow.

The presence at La Salle of good teachers, a fine library, and uncrowded classes are all helpful to your academic success, but the actual achievement of your academic goals is ultimately up to you.

The most important adjustment to collegiate life you will have to make is in learning to budget your time wisely. No one will force you to learn; no one can. Instead, you will be treated as a mature, intelligent person. You will be given assigned readings, papers, and projects in research to be turned in by a certain date. You yourself must plan when these assignments will be done; you yourself must bear the responsibility for meeting standards set by your instructors.

The standards for academic achievement are treated in some detail in the reference section of this catalog and need not be discussed here. The important thing for you to realize about the academic side of your college life is that it is the central test of your maturity and sense of responsibility. Learning is sometimes hard work, but it is the most rewarding kind of effort, not only in grades but in the self-satisfaction of having met a difficult challenge successfully.

But the academic side of college is not just a bleak picture of challenges, responsibilities, and standards. The academic side really offers one of the deepest, most lasting joys a person can experience—the joy of understanding.

Suddenly some part of human experience fits into a pattern for you; suddenly you understand why. The best part of the joy of understanding is that it is endless. The deeper your understanding goes, the deeper the satisfaction you experience.

Perhaps you haven't yet discovered this kind of joy; you may even doubt that it exists. Yet when you first experience it, you will begin to understand what education is all about and why many people willingly devote their lives to study and research.

the residential community

Living in the La Salle residence halls should be an enhancing educational experience. As a member of the residence community, you have opportunities for greater participation in educational and social programs, community governance, and campus activities. Practically speaking, it is convenient to live in the residence halls. You are within short walking distance from all classes, the Library, the College Union, the gymnasium, and all faculty offices. Economically speaking, it is less expensive than you might realize; the cost is approximately \$6.00 a day for room and board.

Approximately twenty-three students live on each floor of the residence halls. The group is small enough to encourage a spirit of friendship, yet large enough to provide for diversity of personalities and interests. As a resident you are exposed to a wide range of academic, cultural, and social opportunities.

The Office of Resident Life and the Residence Council sponsor parties, movies, coffee houses, lecture series, trips, and an extensive intramural athletic program. These activities, combined with the programs of the Student Life office and the varied athletic and recreational facilities, furnish a complete residential experience.

Life in a college residence hall is a unique experience not easily duplicated elsewhere. Living with friends—studying, dining, and socializing together—provides you with chances to learn about yourself, to explore and formulate attitudes and values, and to refine your ability to get along with people. At La Salle, many things—staff, students, facilities, organizations, location, and costs—are blended to offer residents opportunities to experience the benefits of living away from home in a college community.

14

the social life

The social side of college life is a vital part of your education. In living with others, planning activities together, and sharing your ideas in hours of informal discussion you are learning much that is a desirable part of liberal education. You are learning to understand and respect differing points of view; you are learning to discover new relationships and to develop your own convictions.

La Salle, like most colleges and universities, has recognized that student activities play a distinctive role in the total educational program. Participation develops social and leadership skills and provides an opportunity for students from diverse backgrounds to learn from one another. All students are encouraged to become involved in one or more of the social, cultural, educational, and recreational programs available.

Student participants on college committees share with the faculty and administration in identifying institutional objectives and developing policies and programs to maintain and improve the La Salle experience.

An important part of college, therefore, is the opportunity to voice your concerns and to test your thinking in conversations and meetings with others.

Athletics too may develop common interests among students, whether they are participants or spectators. Organized intercollegiate and intramural sports and recreation programs give each student an opportunity to participate according to interests. Male varsity teams include basketball, baseball, swimming, track, cross country, crew, soccer, golf, rifle, and tennis. Female teams include basketball, field hockey, volleyball, tennis, swimming, softball, and track. Intramural sports such as touch football, volleyball, basketball, softball, track, and swimming have male, female, and co-ed teams. The department also provides recreation opportunities in the gym, pool, squash courts, and sauna, seven days a week.

The La Salle College Union Building is the focal point of much out-of-class activity, offering facilities to complement the activities planned by student, faculty, and administrative groups. In addition to faculty members and administrators who work regularly with organized groups of students, the staff of the Student Life Office works to insure available Union building facilities and advice to extracurricular groups. The combination of students, faculty, and administration working together, sharing ideas and learning from one another, makes the social life a part of the growth and development opportunity at La Salle.

general reference

admissions

If a student is well-motivated toward a college career and can show evidence of academic achievement and ability, the Admissions Committee will welcome an application. In arriving at its decision, the Committee studies the high school record, test scores, and the recommendations from high school faculty, guidance counselor, and principal. Each applicant is given personal consideration. La Salle does not discriminate against any applicant for admission because of race, color, creed, sex, national origin or physical handicap. Admission is based solely upon an applicant's qualification and ability to meet the established admission requirements. The following are the specific requirements for admission:

HIGH SCHOOL UNITS

Your record should show successful completion of at least 16 units of high school work including the following:

English	4 units
Mathematics:	
Algebra & Plane Geometry or two years of Algebra	2 units
History	1 unit
Natural Science	1 unit
Foreign Language	<u>2 units</u>
	10 units

The remaining six units may be distributed as follows:

1. Applicants for the *Liberal Arts* program may present six other units in academic subjects.
2. Applicants for the *Science and Mathematics* program may present six other units in academic subjects but including an additional one and one-half units in mathematics.
3. Applicants for the *School of Business Administration* may present six academic or commercial units, excluding typing.

LANGUAGE REQUIREMENTS

All applicants should present two units in the same foreign language.

ENTRANCE EXAMINATIONS

Applicants to the freshman class are required to take either the American College Testing Program or the Scholastic Aptitude Tests given by the College Entrance Examination Board. These tests should be taken no later than January (SAT) or February (ACT) of the senior year. Arrangements may be made through your high school counselor or by writing, six weeks before the test date, to either:

CEEB—	The Educational Testing Service Box 592, Princeton, N.J. 08540 or Box 1025, Berkeley, Calif. 94701
OR ACT—	The American College Testing Program Box 451 Iowa City, Iowa 52240

La Salle College's identification number: CEEB-2363; ACT-3608

ACHIEVEMENT TESTS

18

The CEEB Achievement Tests are not required. These tests are helpful to departmental advisers, however, in determining placement in certain English, mathematics, and foreign language courses. They are recommended, therefore, to students who:

1. wish to apply for a waiver of the freshman composition requirement;
2. desire immediate placement in a calculus course;
3. plan to continue study of a language in college after having completed at least two years of that language in high school.

MEDICAL RECORDS

All accepted students are required to have a report of medical history on file in the Dispensary prior to their attendance at the College.

APPLYING FOR ADMISSION

The Committee on Admissions will consider a qualified applicant for acceptance any time after completion of the junior year. The following credentials are required for evaluation:

1. A completed application to La Salle College.
2. A transcript of three-year high school scholastic and personality records.
3. The results of the College Board Scholastic Aptitude Test or of the American College Testing Program.

The successful applicant must graduate from high school with creditable grades.

An interested student is encouraged to arrange for a campus visit, which might include a personal interview and tour. (Phone 215-951-1500)

In exceptional cases, students may be admitted after completion of the junior year on the recommendation of their high school counselor and evidence of superior achievement.

Applicants may secure application materials from the Office of Admissions. These materials include a form which is to be mailed directly to the College by the high school.

Completed applications and the \$15.00 application fee should be sent to the Office of Admissions. The Director of Admissions will notify applicants as soon as possible after a decision has been made. If accepted, a student is asked to forward a \$100.00 deposit, usually within three months of acceptance. This deposit will be applied to first semester expenses; the entire deposit is forfeited if an applicant chooses not to attend La Salle.

ADVANCED PLACEMENT

La Salle College participates in the Advanced Placement Program of the College Entrance Examination Board. Consequently, the College agrees to give credit and/or advanced placement to students who perform satisfactorily both in college-level courses taken in secondary school and in the advanced placement examinations administered by the Board. The equivalents for the grading scale are:

- 5 or 4 = Advanced credit and advanced placement
- 3 = Same, on recommendation of departmental head
- 2 = Advanced placement only on recommendation
- 1 = No advanced placement or advanced credit

La Salle College also participates in the College-Level Examination Program of the College Entrance Examination Board. Students who wish to be considered for advanced credit through this program should write for information to the College-Level Examination Program, Educational Testing Service, Box 977, Princeton, N.J. 08540.

TRANSFER STUDENTS

La Salle College welcomes qualified transfer students to the fall and spring terms, and to the Summer Sessions. Candidates for admission from colleges which offer courses of study similar to those of La Salle College should submit transcripts of their college records as soon after applying for admission as is possible. All except A.A. and A.S. degree holders are required to submit their high school transcripts also. Transfer students should submit the results of College Entrance Examination Board tests or of the American College Testing Program, if available. A letter of appraisal from the Dean of Students of the college or university attended is requested in most cases.

All of these records should be in the Admissions Office at least 30 days before the beginning of the semester for which the student is applying. This interval is suggested to provide ample time to process the application, to evaluate transcripts, and to arrange a pre-registration interview.

The previous college record of the applicant must indicate good academic standing. A student applying for transfer from a fully accredited college or university should have a grade point average of 2.25 or higher (on a 4.00 scale). Transfer applicants from colleges which have applied for regional accreditation will be considered if their grade point average is 2.75 or higher (on a 4.00 scale). The decision on each applicant is based on the grade point average earned at the college or university attended prior to applying to La Salle.

Credit will be allowed for courses completed with grades above the lowest passing grade given at the institution from which the applicant is transferring. Normally, 70 credits may be accepted for transfer.

Transfer students may be required to make up certain courses which belong to the sequence required in the program of studies for which they are applying.

Interested prospective transfer students should direct their inquiries to the Coordinator of Transfer Admissions.

ACADEMIC DISCOVERY PROGRAM

The Academic Discovery Program (Pennsylvania ACT 101) is a special program which provides free counseling and tutorial support services for students whose records indicate that they could benefit from extra academic assistance and who also meet certain criteria of financial need. The ADP helps students establish good study habits, clear career goals, and the ability to compete successfully in the academic setting. Members of the ADP participate in a free-pre-college summer program before their freshman year and in assigned counseling and tutorial sessions along with their regular courses during the academic year. As much as possible, each student's program is tailored to his or her individual needs. To obtain application materials, or for further information, write or call the Day Admissions Office, 951-1500.

ADMISSIONS FOR VETERANS

All veterans with proof of a high school diploma or its equivalent, who have not been dismissed or placed on probation at another institution of higher learning since separation from service, are eligible to enroll as full-time students at La Salle College. Veterans should telephone the Veterans Affairs Office for specific information.

CONTINUING EDUCATION FOR WOMEN

The CEW program at La Salle was created to smooth the way for adult women who wish to begin or resume their college education. Women may enter this program in the Day or Evening Division whether they are interested in taking single courses or pursuing a degree. Any woman 25 years or older who has a high school diploma or equivalent is eligible to apply; no standardized examinations are required for admission. The program includes an orientation day, study skills workshops, support groups, individual counseling, academic advising, assistance in finding tutors, the availability of day care facilities, and social get-togethers for CEW students. A pre-admission interview with a staff member will help with questions a student may have about her educational and career goals, La Salle courses, and possible schedules. To apply for admission through this program, contact the CEW office, located on the lower level of College Hall or telephone 215-951-1060. The office hours are 9:30 to 8:30 Monday through Thursdays, 9:30 to 4:30 on Fridays.

ACCOMMODATIONS FOR RESIDENTS

The residence halls accommodate approximately 900 students, and consist of nine coed dormitories and two apartment complexes with one- and two-bedroom furnished apartments, open to upperclassmen and married students. Children are welcome in the apartments. Building Blocks, a day care center, is located near the complex. To reserve a room in the residence halls, a student should indicate on the application an intention to live on campus, and when confirming acceptance to the College submit the required \$100.00 residence hall deposit. Should the student decide after the summer deadline date not to occupy the room reserved, the entire advance deposit is forfeited.

Each room in the residence hall is furnished with a bed, desk, bureau, book shelf, mirror, two lamps, an easy chair, and drapes. The apartments are similarly furnished. Students may supply their own linen; however, the College will provide a weekly linen supply service for a nominal charge. Adequate laundry facilities are available within the residence complexes. Many personal needs such as toilet articles, paper supplies, towels, magazines, and sportswear may be purchased at the Campus Store.

The residence halls provide complete study, recreation, and living-learning facilities. There are five air-conditioned, carpeted lounges in the complexes. They are large and comfortably furnished. Four of the lounges are equipped with color televisions; the fifth and several smaller lounges located throughout the complexes are reserved for quiet study.

Meals are provided in the College Union Dining Halls. Since the meals must be planned on the basis of total participation by the resident community, no adjustment in fees can be expected for meals not taken on campus. Students have the option, however, of purchasing either a five or seven day meal ticket. Special diets for medical reasons can be arranged through the Food Service.

Both the residence halls and the dining halls are closed during the Thanksgiving, Christmas, Spring, and Easter recesses.

The residence halls have facilities for the installation of telephone service in each room. Residents who want this service should make arrangements directly with the telephone company. Public telephones are also located on every floor of the residence halls. Calls for residents cannot come through the College switchboard.

Residents are permitted to have cars on campus. The lot facilities are adjacent to the halls, but during class times parking is limited.

The residence halls administration is headed by a professionally trained staff who reside there. In addition, a student staff member resides on each floor of the dormitories to provide information, referrals, and assistance in problem solving and program planning. The staff is an outgoing and diversified group who are interested in working with students to make college life in residence an enjoyable and worthwhile experience.

21

COURSE SELECTION

Incoming freshmen will receive a course selection form in the mail after they have confirmed their acceptances. At this time they may indicate their choice of courses for both the fall and spring terms. Additional academic counseling is available to freshmen during the Pre-College Counseling Program in the summer.

STUDENT HEALTH SERVICES

The La Salle College Dispensary provides medical diagnosis and treatment of minor illnesses and injuries and is available to the student body for initial care, first aid, and health information. Located in the North Complex of the Residence Halls on Olney Avenue, directly across from Hayman Hall, it is open Monday through Friday. The Dispensary is staffed by a registered nurse who serves as the Director. College physicians see students in the Staff Clinic of Germantown Hospital five days a week and a physician is available in the Dispensary weekly. The Clinic is located on the first floor of the hospital and referrals to the clinic are made by the nurse from the Dispensary. All students are required to complete the Student Health Services-Health Questionnaire prior to their attendance at the College.

Both medical and dental emergency services have been arranged with local hospitals, and a complete list of private physicians of every medical speciality is also available. Students are responsible for the costs of these treatments.

Health insurance is strongly advised for all students, especially those in residence, and is required for all international students. Students who are under 23 years of age generally can be covered under their own family Blue Cross (Hospital Insurance) and Blue Shield (Medical-Surgical Insurance) program while enrolled as full-time college students. Information concerning special Students' Blue Cross and Blue Shield plans for those not covered by family plans is available.

expenses

Basic tuition—per academic year	\$2,970.00
Additional for science majors (biology, chemistry, physics, geology)	120.00
Tuition—for courses taken in excess of or less than a normal schedule—per semester credit hour	94.00
Science Laboratory Fee—charged non-science majors electing to roster certain designated science courses—per course	30.00
Fees (charged to entering students): Counseling and Orientation	30.00
Books and Supplies—per semester (estimated)	75.00

	5-day meal book	7-day meal book
<i>Room and Board:</i>		
Residence Halls—per academic year:*		
Single room	\$1,905.00	\$2,115.00
Double room	1,685.00	1,895.00
La Salle Hall Apartments—room rent only:		
Student occupied—per student—per academic year	835.00	
Married couple or family occupied—per month	220.00	
Meal book purchased separately—per semester	483.00	610.00

*Freshmen and transfer students pay an additional \$25.00 for the fall term orientation period.

However, in the face of rising costs, La Salle College must reserve the right to amend or add to the charges at any time and to make such changes applicable to students presently enrolled as well as to new students.

METHOD OF PAYMENT

Students are billed twice a year for one-half of the annual tuition and the room and board costs. Invoices for the fall semester are due in mid-August and for the spring semester in mid-December. Payment in full of the semester invoice within the time prescribed is a prerequisite to the completion of registration and inclusion on the official class lists.

The College does not carry open student accounts. However, extended or monthly payments may be arranged through a bank loan program offered by a Philadelphia bank. In addition, Master Charge and VISA credit cards may be used for payment of College expenses. Application for the bank loan program must be made directly with the bank well in advance of registration. Information regarding the bank loan program may be obtained at the Office of the Bursar of the College.

scholarships and financial aid

No student is denied admission because of financial need. The financial aid program at La Salle College provides opportunities for scholarships, grants, loans, and student employment. Applicants for financial aid will be considered for any form or combination of forms of assistance.

Since the primary responsibility for college expenses rests with the parents and student, financial assistance is normally granted on the basis of financial need together with demonstrated and potential academic achievement. La Salle College participates in the College Scholarship Service. Candidates seeking financial assistance are required to submit a Financial Aid Form to the Service before February 15. Forms are available at the guidance office of the secondary school or from the College Scholarship Service, P.O. Box 176, Princeton, New Jersey 08540. Students should also apply to appropriate state grant programs.

COMPETITIVE SCHOLARSHIPS

Up to thirty tuition scholarships are offered annually to high school seniors who have demonstrated exceptional academic aptitude and achievement. These awards are renewed annually for the remaining three years provided the recipient maintains a 3.0 (B) average. Application forms for these competitive scholarships may be obtained from the Director of the Honors Program. The completed forms must be received by La Salle College no later than February 1. The applicant must arrange to take the tests of the College Entrance Examination Board in Scholastic Aptitude or the American College Testing Program no later than the January testing date. Arrangements for the tests must be made directly with the College Entrance Examination Board, Princeton, New Jersey. Applicants must request the Board to send results to the Admissions Office, La Salle College, Philadelphia, Pennsylvania 19141.

CHRISTIAN BROTHERS' SCHOLARSHIPS

La Salle College offers fifteen scholarships to students graduating from all Catholic high schools in the Camden and Philadelphia dioceses and from high schools conducted by Christian Brothers of the Baltimore province. Competition is based on academic excellence and extracurricular activities and is restricted to students nominated by their high school principal. Scholarship application forms will be sent directly to nominees designated by the principals.

NATIONAL MERIT SCHOLARSHIPS

La Salle College offers grants to students selected as National Merit Finalists, semi-finalists, and letter of commendation recipients. Finalists qualify for \$800.00 per academic year, semi-finalists receive \$600.00 per year and commendation recipients are granted \$300.00 per year. These are awarded to incoming freshmen and may be renewed yearly pending completion of the Financial Aid Form (FAF).

La Salle College offers two National Merit Scholarships annually. To be eligible for one of these scholarships, a student must take the regular National Merit Scholarship Test and indicate his intention of attending La Salle College. These scholarships are administered by the National Merit Scholarship Corporation; it uses the regular procedures of its national competition and assigns the amount of the award based on need with a maximum of \$1,500.00 each year for four years.

ARMY ROTC SCHOLARSHIPS

The Department of the Army sponsors one- two- three- and four-year scholarships to incoming freshmen and to upperclassmen in the ROTC program. Each scholarship provides free tuition, textbooks and laboratory fees, and carries a \$100.00 monthly stipend.

Application for four-year scholarships must be submitted by high school seniors before December 15. Requests for applications should be addressed to Army ROTC, P.O. Box 12703, Philadelphia, Pa. 19134. It is advisable to write for and obtain an application as early as October 1, but no later than November 15, of the senior year.

Recipients of one- two- and three-year ROTC scholarships are chosen on a competitive basis from among students in the ROTC program who must apply directly to the Professor of Military Science at La Salle.

LAW ENFORCEMENT EDUCATION PROGRAM

This federal assistance program is designed to help improve the nation's criminal justice system—police, courts, and corrections—by enhancing the quality of criminal justice personnel through opportunities for higher education.

Loans as well as grants are available to students at La Salle College who are actively employed by a law enforcement agency.

For further information and applications, contact the Director of Financial Aid, La Salle College.

SCHOLARSHIPS FROM OTHER SOURCES

Some scholarships and grants are made available annually by agencies in the Philadelphia and neighboring communities to students entering the College or to upper-classmen already in attendance.

Information about off-campus grants frequently held by La Salle students which involve competition or appointment can be obtained from the following:

1. Pennsylvania State Grants, Pennsylvania Higher Education Assistance Agency, Towne House, Harrisburg, Pennsylvania 17102.
2. New Jersey State Scholarship, Department of Education, Box 1293, Trenton, New Jersey 08625.
3. Food Fair Stores Scholarships, The Food Fair Foundation, Food Fair Building, 3175 John F. Kennedy Blvd., Philadelphia, Pennsylvania 19104.
4. Philadelphia City Scholarship Program, 516 City Hall Annex, Philadelphia, Pennsylvania 19107.
5. The Hero's Scholarship, City of Philadelphia, Room 490, City Hall, Philadelphia, Pennsylvania 19107.
6. Bulletin Scholarship Foundation, Bulletin Building, Philadelphia, Pennsylvania 19101.
7. J. Wood Platt Caddie Scholarship, c/o Cecil J Barnett, Esq., 29 Bala Avenue, Bala-Cynwyd, Pennsylvania 19004.

LOANS AND EMPLOYMENT OPPORTUNITIES

La Salle College participates in the loan program as established by the National Direct Education Act. Students who demonstrate financial need are eligible for consideration for long-term loans under the provisions of the act. All loans are offered to meet educational expenses only and are granted on the same basis as all other financial aid.

In addition, the Guaranteed Loan Program, which is similar to the National Direct Student Loan Program, was authorized by the Higher Education Act of 1965. Under this program, the student borrows directly from a bank or other financial institution, instead of through the College. Students desiring further information on this program should direct their inquiry to the Director of Financial Aid.

La Salle College also participates in the Federal College Work-Study Program. A number of on-campus jobs are available on a part-time basis. Applications may be obtained from the Financial Aid Office. Care is taken to insure that this activity does not interfere with the student's academic and extracurricular life.

BASIC EDUCATIONAL OPPORTUNITY GRANTS

The Basic Grants program provides funds to eligible students to attend college. These grants can range from \$200.00 to \$1800.00 a year. Students attending La Salle College must apply. Applications are available in the Financial Aid Office.

SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANTS

The Supplemental Educational Opportunity Grant program provides grants to students of exceptional financial need who, for the lack of financial means of their own or of their families, would be unable to enter or remain in college without such assistance.

Applications are available from the Financial Aid Office, La Salle College.

PROCEDURES FOR APPLYING FOR FINANCIAL ASSISTANCE

A candidate who desires financial assistance must submit the Financial Aid Form to the College Scholarship Service or the Family Financial Statement to the American College Testing Program.

Either statement should be filed no later than February 15. Applications received after that date will be considered only if there are funds available.

Financial aid awards will be announced at the time of the offer of admission or as soon thereafter as possible.

Most types of financial aid require annual re-application. All applications for renewal must be filed with the Financial Aid Office prior to February 15 of each succeeding year.

La Salle College's financial aid program is organized to help the able student who needs financial assistance. As long as the student continues to demonstrate academic progress as well as financial need, the College will make every effort to assist him.

academic programs and procedures

REGISTRATION

During an announced pre-registration period in the spring term, a student meets with his chairman or adviser to plan his roster of courses for the upcoming year. On the basis of this pre-registration, the Registrar's Office publishes a Master Roster listing courses, times scheduled, and teachers assigned. The student then chooses his course section, time, and teacher. The Business Office will bill the student in August and December for the courses chosen, completing the registration process.

Students who have not completed mail registration will register on campus during the week before classes begin.

If a student cannot register during this period because of circumstances beyond his control, he may complete registration during the first two days of classes.

Late registration is permitted only in the most unusual circumstances and requires the permission of the dean of the school and the payment of a fee of \$10.00.

PROGRAM OF STUDIES

The program of studies prescribed by the student's adviser and approved by the dean of the school in which the student is enrolled is his official roster of courses.

It is the student's responsibility to see that all the requirements of his program are fulfilled. He should have in writing from the dean any exceptions to the prescribed program which may be granted him.

A student may be permitted to change from one program to another, or from one area of instruction to another, only when his previous record indicates that he may profit by such a change. In any change of this type the student must have the written permission of his chairman and the dean of his school. This change may entail taking approved summer courses or an additional semester in college. In no case may a student who transfers receive promotion or a degree sooner than he would have received it had he not transferred. No degree may be received less than one year after change of curriculum.

CLASSIFICATION OF STUDENTS

A full-time student carries a *minimum* of twelve semester hours, although normal progress toward a degree requires an average of fifteen hours a week. A student's program may require more hours per week in some areas of instruction.

Class level is determined by the number of credit hours earned by the student. Students having 0 to 23 credit hours are considered freshmen; those who have earned 24 to 53 credits are sophomores; those having 54 to 83 hours juniors; and those with more than 84 credit hours are classified as seniors.

Part-time students carry a roster of less than twelve hours per week. Students in this category will require more than the normal four years in which to earn a degree.

Students who do not fulfill certain admission requirements may be admitted to follow particular courses and are considered as special students. They do not register for a degree granting program. Credits earned by a special student may be counted towards a degree as soon as he has met all the requirements for admission and candidacy for a

degree provided that the credits thus earned be applicable to his program of studies for the degree. A special student cannot hold a scholarship nor take part in extracurricular activities.

URBAN STUDIES

Students may design a minor concentration by choosing distribution requirements and electives in Urban Studies. The Economics Department supervises this program but it is multi-discipline in all essentials. Economics, Political Science and Sociology faculty co-teach most of the courses and professors from an even wider group of disciplines serve in close advisory capacities.

After five introductory courses students complete their Urban Studies concentration with a senior semester of integrated seminars and field work. Placements and projects are chosen to complement major programs. At all levels students and faculty work closely with the staff of the La Salle Urban Studies and Community Services Center.

DUAL MAJORS

In some circumstances, a student with special needs and abilities may be permitted to major in two departments or to follow a special interdepartmental program. After developing the program in consultation with both departments, the student must obtain approvals of both chairmen and of the dean. Arrangements should normally be completed during the spring semester of the sophomore year.

HONORS PROGRAM

The honors program is designed to provide the most academically talented students with an enriched program of general studies that will be both challenging and stimulating. The freshman honors student, as an apprentice in the program, studies in honors sections of two or three required courses. If he proves himself able and interested, he continues with honors courses in such areas as religion, philosophy, and English, which offer more depth and more advanced reading. In the upper division, such courses will frequently be given by distinguished visiting professors.

In his last two years, the honors student may, with the approval of his chairman, substitute an independent study course in each semester for any regularly scheduled course except religion or seminar. Class meetings in these courses are less frequent, and emphasis is on individual reading and research. Students who complete the requirements of the Honors Program are graduated with General College Honors. Further information on the program is available from the Director of the Honors Program.

COOPERATIVE EDUCATION PROGRAM

The Cooperative Education Program permits students to integrate classroom theory with practical experience by alternating specific periods of attendance at the College with specific periods of employment.

A student may begin a coop program as early as the sophomore year and still complete requirements for graduation within four and a half years. Cooperative education can add relevance to a student's academic program, furnish practical experience, afford an understanding of human relationships outside of one's peer group, and provide realistic vocational information as well as financial assistance.

Students interested in learning more about this new program should see the Director of Cooperative Education.

LA SALLE IN EUROPE—FRIBOURG, SWITZERLAND

Recognizing the advantages of travel in other countries and first-hand contact with other cultures, La Salle College offers a sophomore and junior year program which provides its students a first-hand opportunity to study at the University of Fribourg in Switzerland. Nestled in the valley of the Sarine, Fribourg is one of the most beautiful cities in one of the most beautiful countries in the world.

A unique feature of the University of Fribourg is its official bi-lingual character; courses are offered in both French and German, often the same course in either language. In conjunction with two other colleges (Providence and Rosary), La Salle College forms part of the American College Program of the University of Fribourg. This organization offers many courses in English.

In most instances, students will be housed in private homes or apartments located near the university. These rooms are chosen by the resident director of the program. Students accepted into the program attend an orientation course during the semester prior to departure. Those students deficient in French or German will be permitted to enroll in special courses during the summer prior to departure. Interested students should see Dr. Glenn Morocco, Director of Foreign Studies.

UNDERGRADUATE LANGUAGE PROGRAM—UNIVERSITY OF SEVILLE

La Salle College is a member of the Council on International Educational Exchange and a consortium of 40 colleges and universities which forms a Cooperative Study Center in Seville, Spain.

The University of Seville is one of the oldest universities in Spain. Students may apply for a semester or an entire academic year. Each five-month session consists of two cycles. The first provides intensive language training, and the second offers a variety of special courses including Spanish language, literature, art, contemporary civilization, and teaching English as a foreign language. Students are housed in private homes. Meals are taken at the place of residence.

The principal aims of the program are:

1. To help the student achieve fluency in the spoken and written language.
2. To give the student the opportunity to experience and understand the nature of Spanish society and institutions through constant and direct exposure to the nation's history, art, and contemporary life.
3. To prepare the future teacher of Spanish for the role which he will play in the classroom situation.

Interested students should see Dr. Glenn Morocco, Director of Foreign Studies.

NURSES' COOPERATIVE PROGRAM

La Salle participates in a cooperative program with a number of area hospitals in teaching the basic sciences to the students from these hospital schools. The essential program remains under the control of the parent schools. These students receive college credit for those courses attended at La Salle.

URBAN STUDIES AND COMMUNITY SERVICES CENTER

The Urban Studies Center seeks to involve the resources of the College in the larger urban community. Its major programs are: (1) the Communiversity—non-credit adult education designed for area residents, (2) technical assistance to neighborhood groups in grant and program development, and (3) community organization services focused on the needs of the low-income, multi-racial and ethnic communities bordering the

College. The Center also draws upon the experience of neighborhood leaders to enrich its programs and La Salle's Urban Studies curriculum. Students and faculty with urban research and social service interests are encouraged to visit the Center, located at the corner of Wister and Clarkson, or to call 951-1188.

COMMUNITY ACADEMIC OPPORTUNITY PROGRAM (CAOP)

The CAOP Program provides an opportunity for a college education to selected disadvantaged students who are residents of Northwest Philadelphia. Students are chosen for this five-year program on the basis of geographic, economic, academic, and motivational criteria. Interested applicants should follow the normal procedure in applying for admission, indicating their interest in the CAOP Program on their application.

COURSES AT CHESTNUT HILL COLLEGE

The cooperation of La Salle with Chestnut Hill College, a Catholic college for women situated about five miles from La Salle, results in a valuable coordination of programs. Students from either of the associated colleges can register for courses at the other college, with full credits, and without the payment of extra tuition. The calendar for the academic year in both colleges is identical. Students wishing to register for courses offered at Chestnut Hill will follow the same procedure as when they register for courses at La Salle. Classes at Chestnut Hill begin on the hour, at La Salle on the half-hour.

Students interested in preparing for elementary education may take part in a special cooperative program with Chestnut Hill College, which may be arranged in consultation with the Dean of the School of Arts and Sciences.

SUMMER SESSIONS

A variety of courses are offered in both day and evening sessions during the summer. A student may use these courses to enrich his academic program, to lighten his regular schedule, to make up failures, or, in some instances, to accelerate his progress toward a degree. The Summer Sessions are administered by the Dean of the Evening Division.

Properly qualified applicants from other accredited institutions are also admitted to the Summer Sessions.

RESERVE OFFICERS' TRAINING CORPS PROGRAM

Freshmen (male and female) may elect to participate in the Reserve Officers' Training Corps at La Salle by so specifying on their Course Selection Form. No service obligation is incurred during the first two years.

Students who successfully complete the basic course for freshmen and sophomores may be chosen for the advanced course. Advanced course students and ROTC scholarship recipients also earn a monthly stipend of \$100.00 (See page 28 for additional information on the ROTC Scholarship Program.) Cadets earn approximately \$317.00 per month while attending the Advanced Summer Camp.

Students transferring to La Salle as juniors, or current students who have not previously participated in ROTC, may take advantage of the special two-year program. They should make arrangements through the Professor of Military Science during the spring term of their sophomore year. They begin the program by attending a six-week Basic Summer Camp the summer before their junior year. During their last two years, they attend ROTC classes and take part in the Advanced Summer Camp.

Additional information is available from the Professor of Military Science, La Salle College, Philadelphia, Pa. 19141.

arts & sciences

DEGREE PROGRAMS

The School of Arts and Sciences offers general or liberal arts programs and programs in science and mathematics. Within these two areas you may further specialize in a major field of study. In the liberal arts, the Bachelor of Arts degree is offered in art history, economics, English, foreign languages, history, music, philosophy, political science, religion, and sociology. Concentration in the science area may lead to a B.A. degree in biology, chemistry, geology, mathematics, physics, or psychology.

The School also offers programs designed as preparation for communications, health professions, law, public administration, teaching, social work, and work in criminal justice.

Preparation for the Health Professions

Students preparing for careers in the health professions (medicine, dentistry, veterinary medicine, podiatric medicine, optometry) generally major in biology or chemistry, but may elect to major in any program provided they schedule the required minimum science and mathematics courses to support their applications. The courses specified by the Association of American Medical Colleges for Medical School applicants are generally applicable as minimal requirement for any of the health professions: They are:

Chemistry	12-16 sem. hrs.
Physics	8 sem. hrs.
Biology	8 sem. hrs.
Mathematics	0-6 sem. hrs.

Most professional schools will accept these as minimal preparation, but recommend additional courses. Students should be alert to the fact that professional schools are interested in demonstration of aptitude in science and mathematics, and the courses taken must be those normally rostered by majors in these areas, not courses offered for non-major election.

In the normal review process in these schools, the applicant's full undergraduate record is scrutinized. The strong liberal arts component in the La Salle curriculum will provide evidence of broad interest and rounded academic development. Evidence of leadership and active interest in associated activities will lend strong additional support to applications.

Normally the competition for placement in these programs results in high acceptance standards. Grade point averages ranging from 3.0 to 3.5 are representative of levels expected in these programs. Students are encouraged to consult with the health professions adviser concerning admissions criteria at various schools.

Preparation for Teaching

The teacher preparation program leads to eligibility for an Instructional I certificate to teach in the secondary schools of Pennsylvania and provides a foundation for those desiring to go on to further studies in the field. The Pennsylvania Department of Education has granted program approval in the preparation of teachers of biology, chemistry, English, French, German, Italian, Latin, mathematics, physics-mathematics, Spanish, special education, and comprehensive social studies. Students who satisfactorily complete the College's requirements in these areas and are recommended by the Teacher Certification Committee are issued teachers' certificates. Those planning to teach outside of Pennsylvania should familiarize themselves with certification requirements elsewhere.

The Education Departmental Board, consisting of faculty members from the education department, one faculty representative for each of the subject areas of teacher

preparation, and student representatives in the teacher preparation program makes final intradepartmental decisions on planning, conducting, and evaluating the teacher preparation program. A Teacher Placement Office on campus aids graduates in obtaining positions.

For additional information on the teacher preparation program, see pages 53 to 56.

TEACHER CERTIFICATION PROGRAMS AND ADVISERS:

(Teacher certification is obtainable only in these areas.)

English—Dr. Barbara Millard
Biology, Chemistry, Mathematics, Physics—
Brother Richard Hawley, Mrs. Helen Brady
Communications (Non-print media)—Brother Gerard Molyneaux
Comprehensive Social Studies—Mr. William Binkowski
French, German, Italian, Latin, Spanish—Dr. John McCann
Special Education of the Exceptional Child—Emotionally
Disturbed, Mentally Retarded, Physically Handicapped,
Learning Disabled, Brain Damaged—
Mr. Preston Feden

(Further details on the specific requirements in each of these areas are available in the education department office or from the appropriate adviser.)

Preparation for Law

Law schools do not prescribe particular curricula for admissions. La Salle College, therefore, approaches the preparation for law on an individual basis, tailoring the program of each student to individual needs and desires. Thus, students may major in English, political science, history, etc., as preparation for law.

Any student considering law as a career, regardless of his major curriculum interest, is encouraged to seek early counseling with the pre-law adviser, Dr. Edward Domineske.

Preparation for Criminal Justice Professions

Students preparing for careers in criminal justice professions pursue a curriculum which combines liberal arts with intensive coursework in the behavioral and social sciences and specialized courses in criminal justice. A major in criminal justice qualifies the student for admission to graduate programs in criminal justice and prepares the student for entry-level positions in law enforcement, judicial administration, probation, parole and correctional administration.

Preparation for Social Work

The primary objective of the social work program is to prepare competent, generalist practitioners for entry level positions in the social work profession. Building on a liberal arts foundation, a knowledge of basic social work theory is acquired. The student explores the psychological, social, economic and political phenomena that impact on people. There is a heavy emphasis on the development of skills needed to mobilize systems and resources for the enhancement of social and personal functioning. Educationally directed field placements during the junior and senior years integrate theory and practice. In supervised settings the student gains first-hand knowledge of how to work with people as individuals and as members of groups and communities.

A secondary objective of the program is to prepare students for graduate studies in social work and other human service professions. To this end, a firm theoretical base is laid to support advanced study.

Graduates of the program have developed careers in both public and voluntary agencies. They are in such fields as child welfare, family services, aging, community and public welfare. Many graduates choose to go on to graduate school either directly or after having gained work experience.

Students considering the social work major are encouraged to make this known to the Director of the Program for assistance in planning an academic course of study.

CURRICULUM

The curriculum for Arts and Sciences students is structured in four parts:

1. General Education—7 courses (21 credits)
2. Distribution Requirement—8 courses (24 credits)
3. Departmental Requirements for Majors—ordinarily not more than 15 courses (45 credits)
4. Free Electives—minimum of 10 courses (30 credits)

The General Education courses, which will normally be completed by the end of sophomore year, concern themselves with the basic skill of written communication and with such value-oriented subjects as literature, religion, and philosophy. Each of these departments offers several courses which can be chosen to fulfill the General Education Requirement.

The range of choice is further widened by the Distribution Requirement, which is to be fulfilled by the end of junior year. Courses offered under this requirement help provide some depth outside your major field and also offer a measure of flexibility so that you can shape your program in accord with your interests.

The number of courses each department requires of its majors will normally not exceed 15, leaving at least 10 courses to be used as free electives. Some departments require their majors to take courses outside their primary field. Students may present such courses in fulfillment of Distribution Requirements.

The College recommends that students planning graduate studies acquire a good background in languages, since most graduate schools require a knowledge of one or two foreign languages before granting higher degrees.

GENERAL EDUCATION REQUIREMENTS (To be completed by end of sophomore year)

English Composition	1 semester	(May be waived if writing competence is established.)
Literature	2 semesters	(English or foreign literature in English.)
Philosophy	2 semesters	
Religion	2 semesters	

DISTRIBUTION REQUIREMENTS (To be completed by end of junior year)

Two courses in four of the areas below, exclusive of courses in your major

Area I	Area II	Area III	Area IV	Area V
English	Foreign Languages ¹	Fine Arts	Economics	Biology
History	Mathematics	(Music or Art)	Pol. Science	Chemistry
		Philosophy	Sociology	Geology
		Religion	Psychology	Physics

General Education courses may not be taken to fulfill Distribution Requirements.

¹To satisfy Distribution Requirements with Foreign Languages, the student must take two courses in the same foreign language.

MAJOR REQUIREMENTS

Requirements for majors in each department are listed along with that department's course descriptions, beginning on page 45 of this catalog.

FREE ELECTIVES

A student may choose to concentrate his free electives in a particular discipline to build a strong minor or may use these electives to diversify his background or broaden his interests. Free electives may be taken on a pass/fail basis. (See GRADES, page 34.)

business administration

The School of Business Administration offers a four-year undergraduate program for men and women leading to the Bachelor of Science degree. The current program represents several years of review of the educational needs of students entering the business world and graduate schools and the needs of the College's urban environment. Specific consideration has been given to the students' educational background and age, their experience, their expectations and goals, as well as the urban community—its structure, interests, and attitudes. The program prepares students for managerial responsibilities and provides an enduring base for personal development.

Course requirements and electives are structured to provide: (1) a solid foundation in the arts and sciences as background for professional study in business administration; (2) a business core consisting of study in the several areas of business administration and in analytical methods and techniques; and (3) an opportunity to concentrate in depth in a professional area as a basis for future career development. The general education studies provide the student with an understanding of himself, the humanistic and philosophic aspects of man, Christian thought, and the social, mathematical, and computing sciences relevant to business practice: the business core and professional studies provide a broad understanding of business administration and prepare students for a career or for graduate education.

DEGREE PROGRAM

The program leading to a Bachelor of Science degree in Business Administration consists of 120 credits, about half of which may be taken in business and economics. The general education and professional studies are pursued simultaneously by the student throughout the four years of undergraduate study. In the junior year, a student begins to specialize in a professional option or "major." Professional options are available in accounting, finance, management, personnel and labor relations, marketing, and quantitative analysis. Special options may be planned to meet individual needs. A cooperative program with St. Joseph's College provides students with the opportunity to become certified to teach business courses at the secondary level.

PREPARATION FOR TEACHING

Students who wish to teach courses in business administration at the secondary level may receive state certification at the secondary level by participating in a cooperative program involving La Salle and St. Joseph's College. Under this program, the student completes his General Education and Distribution requirements at La Salle, along with course work in either accounting or marketing. Education courses are pursued both at La Salle and St. Joseph's. The student receives his degree from La Salle and his certification from St. Joseph's. Arrangements for program may be completed in consultation with the dean.

CURRICULUM

The curriculum for business administration students has five parts:

1. General Education—7 courses (21 credits)
2. Distribution Requirement—9 courses (27 credits)
3. Business Core—10 courses (30 credits)
4. Professional Studies—4 courses (12 credits)¹
5. Electives—10 courses (30 credits)²

General Education

These studies are aimed at providing an enduring base for personal development and an awareness of moral values and social responsibility. Normally these courses will be completed by the end of the sophomore year. They include:

English Composition 1 semester	(May be waived if writing competence is established.)
Literature 2 semesters	(English or foreign literature in English.)
Philosophy 2 semesters	
Religion 2 semesters	

Distribution Requirement

This requirement provides a measure of balance in the liberal arts and sciences, the major field, while at the same time permitting an element of flexibility so that each student may tailor his program to some degree to fit his interests and needs. The Distribution Requirement is normally completed by the end of junior year. *N.B.*: certain courses within Areas II and IV must be selected by all students in the School of Business Administration. General Education courses may not be taken to fulfill Distribution Requirements.

¹The Accounting Option requires 8 courses (24 credits) beyond the Business Core.

²The Accounting Option has 6 courses (18 credits) as electives. Two courses (6 credits) in business and economics and 4 courses (12 credits) in arts and sciences are recommended as electives. For other options, 4 courses (12 credits) in business and economics and 6 courses (18 credits) in arts and sciences are recommended as electives.

Business administration students may choose two courses from two of the three areas: Area I, III, or V.

<i>Area I</i>	<i>Area III</i>	<i>Area V</i>
English	Religion	Biology
History	Philosophy	Chemistry
	Fine Arts	Geology
	(Music or Art)	Physics
<i>Area II</i>	<i>Area IV</i>	
Foreign Languages	Economics ²	
Mathematics ¹	Political Science	
	Sociology	
	Psychology	

Business Core

Course work consists of study in the several areas of business practice and in analytical methods and techniques. This foundation is intended to develop a broad understanding of business problems. The following courses constitute the core:

Functional Activities: Accounting 101, 102; Finance 201, 202; Management 202; Marketing 201; Law 201.

Analytical Techniques: Quantitative Analysis 213, Economics 302, Management 201.

Professional Studies

These courses provide an intensive learning experience in one facet of business practice and serve as a basis for future career development. Professional options are offered in:

Accounting	Marketing	
Finance	Personnel and Labor Relations	
Management	Quantitative Analysis	Special Options

The professional option consists of 12 credits, normally in a functional area beyond the courses required in the business core. An exception to the 12 credit requirement is the accounting option, for which a set of course requirements has been established as necessary preparation for the Certified Public Accounting examination in Pennsylvania.

You may choose your professional option when you apply for admission or at some time during your first two years of college. If you wish to choose a special option, you must obtain the dean's approval of your program.

Free Electives

A student may choose to concentrate his free electives in a particular field or may use these electives to diversify his background or broaden his interests. To achieve a balance between liberal arts and professional studies, the school recommends that a student take no more than 12 credits as electives in business administration or economics.

¹Business students must take Mathematics 111, 112 or two advanced courses. They must also take Computer Science 151, or equivalent.

²Economics 101-102 is required of business students.

La Salle at a glance

MAJORS AND DEGREES

Bachelor of Arts degrees are offered in the following majors:

Art History	Italian
Biology	Latin
Chemistry	Mathematics
Communications	Music Theory
Computer Science	Philosophy
Criminal Justice	Physics
Economics	Political Science
Education	Public Administration
English	Psychology
French	Religion
Geology	Russian
German	Sociology
Greek	Social Work
History	Spanish
	Special Education

The School of Business Administration offers the Bachelor of Science Degree in the following majors:

Accounting	Marketing
Finance	Personnel and Labor Relations
Management	Quantitative Analysis

Within the various majors, it is possible to follow specialized concentrations; for example, there are concentrations in Urban Studies, Writing, and International Studies.

La Salle also offers programs designed as preparation for the health professions (medicine, dentistry, veterinary medicine, podiatric medicine, optometry). Students preparing for law school may work out a preparatory program with the advice of the pre-law adviser.

With the advice of their chairpersons and the Dean's permission, students may dual major in two departments.

FACULTY

Of La Salle's 183 full time teachers, 70% hold doctoral degrees. The student-faculty ratio is approximately 15 to 1.

STUDENTS

The College has about 3,600 day students, including 800 resident students. The total includes 1,400 women and 2,200 men.

FELLOWSHIP WINNERS

In the past 12 years, La Salle students have been awarded 24 Danforth or Woodrow Wilson fellowships and 28 Fulbright Fellowships. Only Princeton, Swarthmore, Bryn Mawr, and the University of Pennsylvania have matched or exceeded La Salle's total in the two-state area.

ALUMNI

Total alumni: just over 20,000. More than 80% of La Salle's alumni reside and work in the tri-state area of New Jersey, Pennsylvania, and Delaware. Nearly 6,000 are employed by Greater Philadelphia business and industries. More than 1,000 serve in local, state and federal government and over 1,000 are teachers and school administrators at all levels of Philadelphia's educational institutions. Over 800 are in the health professions.

EXPENSES

Tuition:	\$2,970 annually for Liberal Arts & Business
	\$3,090 annually for Science
Room & Board:	\$1,895 annually for seven day meal ticket
	\$1,685 annually for five day meal ticket

LIBRARY

The Lawrence Library contains over 250,000 volumes and over 1,000 periodicals.

FINANCIAL AID

Approximately 75% of La Salle's students received financial assistance last year.

SPECIAL PROGRAMS

La Salle offers an HONORS PROGRAM for gifted students as well as LA SALLE COLLEGE IN EUROPE, where students may spend a year at the University of Fribourg, in Switzerland, or at the University of Seville, in Spain. Army ROTC is available for men and women.

COOPERATIVE PROGRAMS

La Salle College offers various cooperative academic programs with Chestnut Hill College, St. Joseph's College, Germantown Hospital and Presbyterian Hospital School of Nursing. A cooperative education program is also offered in various fields, enabling students to earn credits while working in industry.

VARSITY ATHLETICS

La Salle College fields men's varsity athletic teams in soccer, cross country, basketball, swimming, track and field, baseball, tennis, golf, and crew. Women's varsity sports include basketball, cross country, field hockey, softball, volleyball, track and field, swimming, and tennis.
